HAMLIN, JONES COUNTY, TEXAS, FRIDAY, MAY 1, 1936.

NUMBER 27.

World's Famous Strong Man To Be In Hamlin Saturday

Jack Kern, known as the "IRON MAN," holder of the world's record for moving the greatest load of weight with the human body, will be presented to the people of Hamlin and its trade territory, in a FREE exhibition of strength next Saturday afternoon, promptly at 2:00 o'clock.

The "IRON MAN," as Jack is known, will attempt to pull several heavily loaded trucks up grade, on the street by a rope around his neck

THOMAS E. ERVIN DIED TUESDAY AFTERNOON

T. E. Ervin died at his residence in East Hamlin Tuesday, April 28, at 1:50 o'clock. Age 85 years, 11 months and 30 days.

Mr. Ervin was born in Fulton County, Alabama, April 29, 1850. He came to Texas in 1871 and settled in Bosque County. He was first married to Miss Jane Grounds in 1874 and to this union there were nine children, four of whom with their mother preceded Mr. Ervin in death. The wife passing away in 1902. In 1923 he was married to Mrs. Lou Berfund who survives.

Mr. Ervin was a member of the Baptist Church, uniting at the age of 26, and his bearing among men testified that he was faithful to his belief. For many years he had grown feeble but always carried a pleasant smile and greeting for his friends. He was ill only about seven days. Three daughters survive: Mrs. Julia Pyron of Abilene; Mrs. Maggy Watkins of Munday; and Mrs. Zina Wright, of Gorman. E. Ervin is the only surviving son.

Funeral services were held at the First Baptist Church of Hamlin, Wednesday at 2:00 P. M. in charge of the pastor, and interment was in the East Cemetery, Hamlin, under the direction of the Barrow Undertaking Company.

GOING TO GERMANY FOR AN EXTENDED VISIT

Sunday morning Richard Lehman leaves for an extended visit with relatives in his old home in Germany. He will spend the following week in St. Louis, Cleveland, and New York.

His ship sails just after midnight, Sunday, May 9. Mr. Lehman has promised his many Hamlin friends cards and letters all along on his trip. The Dallas Morning News and the Hamlin Herald will be mailed regularly to his address in Europe.

H. E. Wood, a well known farmer residing south of Hamlin has been at the point of death for a week or more. His brother, R. A. Wood, one of Hamlin's old-time citizens came to be with him.

RAINS AGAIN COME TO WEST TEXAS

This time of the year, there is nothing that we can publish that folks living in other parts of the world had rather hear than rain.

This week is the third week in succession that a fairly good rain has fallen. This week we had more than three-fourth of an inch in Hamlin proper, but north and west the fall was away up yonder. Some say more than two inches, some say an inch and half. Well, even a half inch is fine on recently planted row crops, and the bigger rains on wheat mean production. It looks now that wheat will make pretty good.

Cotton planting time is right on us and the moisture in most sections is enough for that purpose.

BASE BALL FANS SEEING GOOD PLAY

The game is called—the season is on and Hamlin base ball fans are happy over being on top thus far.

Last Sunday our Piping Pipers snatched the victory from the Anson Tigers to the tune of 6 to 4. This is the second straight in this years League race.

The Anson-Hamlin game box score looks like this:

ANSON—	AB	R	H	PO	A
Bowen 3b	4	1	2	2	2
Bartlett ss	4	1	1	3	0
Day p-2b	4	0	0	0	5
Hollis 1b	4	2	4	8	0
Kennedy c	4	0	2	8	0
J. Hollis rf	4	0	0	0	0
Grimes m	2	0	0	3	1
Hampton m	2	0	0	0	0
Wilson 1b	4	0	0	0	0
Moore 2b	2	0	0	0	1
Jennings p	2	0	0	0	6
Totals	36	4	9	24	15

HAMLIN—	AB	R	H	PO	A
Tabor ss	3	1	1	3	1
Ensey 2b	4	0	2	2	1

C. W. PROCTOR DIED LATE WEDNESDAY

One of Jones County's honored citizens and pioneer farmers, C. W. Proctor, passed away at his home in West Hamlin Wednesday evening at 7:20 o'clock, after a short illness from pneumonia.

Mr. Proctor was 68 years, 8 months and 5 days of age. He was born October 24, 1867, in Scottsboro, Ala., and came to Jones County in 1896 and settled in this community. For many years he held extensive farms near the Abbie Church, till in 1924, he moved to Hamlin.

The survivors are his wife, the former Mrs. Bertie Blakeley, to whom he was married in 1924. Children of the first union are Mrs. Jess Young, of Hamlin, Wetsel Proctor of San Leandro, California, and Warren N. Proctor of Dallas. Mr. Proctor is also survived by one sister, Mrs. Ben Jones, of View, Taylor County, and three brothers, E. E. Proctor and D. P. Proctor, of Santa Ana, California, and R. O. Proctor, of Hamlin. All children and the sister were present when death came. The son, Wetsel Proctor, rushed to his father's bedside by airplane the first of the week.

Mr. Proctor was a friend-maker, and was loved and esteemed by all who knew him. He was a member of the local Methodist church, and the funeral services were conducted on Thursday afternoon at 3:00 o'clock by the pastor, Rev. Longino. Numerous floral offerings and the presence of a large number of friends bore testimony of love and respect.

The body was in charge of the

Home Making Class Attended State Rally At San Angelo

The Hamlin High School Home Making Class, attended the State Rally at San Angelo April 23-25.

We left Thursday morning at 5:30 from Stamford on a Special Bus with Stamford and Rule. We arrived at San Angelo at 8:45. We had to go to some contest and get our exhibits up by 9:00.

We did not get to stay in a hotel because we got there too late. We all stayed in private homes. But we enjoyed it very much.

We attended contests all through the day. At 4:00 P. M. they took us on a drive over the city. After the drive we went to the chuck wagon feed. 1280 lb. of beef, 80 lb. of pickles, 300 lb. of Beans, buns and tea. And 1500 Dixie cups. That was enjoyed by all.

Friday we attended remainder of the contest and went to different places. Friday evening we went to a banquet given to all girls and boys

at the St. Anglus. There were fifteen hundred attending the State Rally.

Saturday morning we went to the Hotels and had to parade from the Hotels to the auditorium. That is where all were all excited waiting for their name to be called but some few of us went without any. Mary Beth Moody won Third place and Sam Adkins won Fourth. But that was excellent. Because we were counted as Class A.

This is the first time since Hamlin High School taught Home Making that it was classed as Class A. After the program we packed and left San Angelo at 2:30 and got back to Stamford at 6:30.

We all had a very big time, and hope all will get to go to the next Rally.

STATE SUPERVISOR
of Home Economics

Barrow Undertaking Company, and interment was in the East Cemetery, Hamlin.

NOTICE TO COTTON GROWERS

If you have not signed up your Subsidy papers, at the County Agent's office please do so now, as May 6th, is the dead line for taking applications unless your cotton is in the 10 cent loan. The person who made out the 1935 Bankhead application is the only person who can sign the Subsidy application.

TOM LEE EASLEY,
Asst. in Cotton Adjustment.

A good way to judge the world is to consider yourself a sample.

HAZEL ADKINS WINS

IN ESSAY CONTEST

J. B. Adkins received news this week that his granddaughter, Miss Hazel Adkins, had won first place in the essay contest in the Ward School division in Vernon, where she is attending school this term. She formerly made her home here with her grandparents, Mr. and Mrs. J. B. Adkins, and has many school mates and friends here who will be interested to learn of her success in this work. The subject of her essay was "What Is Sportsmanship."

The wise person is too busy to hate others or sympathize with himself.

ORDINANCE EXTENDS
FIRE LIMITS

AN ORDINANCE ENTITLED AN ORDINANCE ESTABLISHING THE FIRE LIMITS WITHIN THE CITY OF HAMLIN, TEXAS, REGULATING THE CONSTRUCTION AND MAINTENANCE OF BUILDINGS WITHIN SAME, REQUIRING A PERMIT, AND PROVIDING A PENALTY FOR THE VIOLATION THEREOF.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS.

Sec. 1. That the Fire Limits of the City of Hamlin, Texas, shall be as follows, to-wit:

Beginning at the center of 5th Street at its intersection with the center of Union Avenue; Thence South with the center of Union Avenue to the center of 10th Street; Thence East with the center of 10th Street to the West boundary line of the P. & S. F. Ry. Co. right-of-way; Thence in a northeasterly direction with the West line of said right-of-way to the center of Farwell Avenue; Thence north with the center of Farwell Ave., to the center of 5th Street; Thence West with the center of 5th Street to the place of beginning, and containing therein all of Blocks No. 30, 31, 40, 44, 45, 53, 54, 57 and 58, of the Original Townsite, Hamlin, Texas.

Sec. 2. PERMITS REQUIRED:

No wall, structure, building or part thereof shall hereafter be built, enlarged or altered until a plan of the proposed work together with a statement of the materials to be used shall have been submitted to the building inspector or designated officer of the City of Hamlin, who

shall in accordance with the provisions herein contained, issue a permit for the proposed construction. Before the permit is issued, the builder, his representative or contractor shall be required to furnish detailed information regarding the name of the owner, proposed location, character of occupancy, kind of materials, plumbing, wiring roof coverings, chimney and flue construction, manner and kind of heat to be used, estimated cost of building, estimated time for completion and the name of the contractor.

On securing this information, it shall be the duty of the building inspector or other authorized agent to issue a building permit upon the payment of \$1.00 by said owner, which gives the builder the right to erect said building and the right to place the materials required for said construction upon the streets and alleys adjacent to the lot where the said building is to be erected provided, that in no event shall such materials be placed in any street or alley so that it will interfere with the traffic over and through said street or alley or endanger the public in passing such building.

Permits are required on all buildings erected within the corporate limits of the City of Hamlin, Texas, with the exception of buildings where the total cost does not exceed \$100.00.

The Building Inspector or other designated officer shall be required to keep a record of all building permits issued in a well bound volume that shall be available for the inspection of the public.

Structures hereafter erected without a permit, or not in conformity with this ordinance shall be removed.

No building shall be moved from one location to another within the City Limits of Hamlin, Texas, until a permit has been obtained therefor. A permit shall be issued only in case the construction is in accordance

with this ordinance.

Sec. 3. INCOMBUSTIBLE CONSTRUCTION REQUIRED WITHIN THE FIRE LIMITS: Every building hereafter erected, altered or enlarged with the fire limits, shall be enclosed on all sides with walls constructed wholly of stone, well burned brick or re-inforced concrete, and shall have the roof, also the roof and sides of all roof structures covered with incombustible materials. All cornices shall be of incombustible materials. "The purpose of this section is to prohibit the erection within the fire limits of wooden, iron clad, stucco or veneer type buildings."

Sec. 4. FRAME BUILDINGS: No structure whose walls are wholly or in part, constructed of wood, shall hereafter, be built or moved into the fire limits as herein designated or as they may hereafter be established except as follows:

(a) Temporary one story frame buildings for the use of builders.

(b) Small out houses not exceeding 100 square feet in area and 8 feet in height, not located within 30 feet of any other building nor within 5 feet of any lot line.

Any existing frame or iron clad building within the fire limits which may hereafter be damaged by fire, decay, or otherwise to an amount greater than one-half its present value exclusive of the the foundation shall not be repaired or rebuilt, but shall be removed.

Sec. 5. GAS CONNECTIONS: Gas connections to stoves and similar heating devices shall be made of rigid metal pipe. For small portable gas heating devices, flexible metal or rubber tubing may be used when there is no valve or other shut-off on the device.

Sec. 6. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than One (\$1.00) Dollar or not more than One Hundred (\$100.00) Dollars, and each and every violation shall be deemed a separate offense.

Sec. 7. All ordinances in conflict with this ordinance are hereby expressly repealed insofar as they conflict with this ordinance.

PASSED AND APPROVED this the 21st day of April, 1936.

JOE CULBERTSON, Mayor.

IMPORTANT TO FISHER CO. FARMERS

Farmers of Fisher County are requested to go to any of the places listed below, most convenient to them, to give in their Work Sheets on the New Soil Conservation Program. Local Committeemen will be there to help fill the Work Sheets out:

Roby—May 2 through May 9.
Rotan—May 1 through May 9.
Royston—May 1, 2 and 4.
Hitson—May 5 and 6.
McCauley—May 7, 8 and 9.
Sylvester—May 1, 2 and 4.
Newmar—May 5.
Eskota—May 6.
Palava—May 7, 8 and 9.
Capitola—May 1, 2 and 4.
Pyron—May 5 and 6.
Hobbs—May 7, 8 and 9.

County Agent T. H. Roensch states that cards are being mailed out to farmers and urges that they bring these cards with them when they come to fill out the Work Sheet. Roensch also states that each farmer should figure out in advance their yield and acres of each crop grown in 1935. This is very important as the farmer will have to present this data at the time of filling out the Work Sheet.

May 15th is the closing date for filling out the Work Sheets and it is important that the farmer fill in the Work Sheet if he intends to co-operate in the New Soil Conservation Program, although the Work Sheet does not hold the farmer to any obligation.

A. H. Jeffries, Assistant in Cotton Adjustment, states that there are still some 300 or 400 cotton producers of Fisher County who have not signed their Applications for the Subsidy Payment.

We would like to request that these producers sign their Applications at once. Cards have been mailed out on these on two different occasions without a sign-up resulting from them.

COUNTY AGENT.

DON'T SCRATCH!

Get Paracide Ointment, the guaranteed Itch and Eczema remedy. Paracide is guaranteed to relieve all forms of itch, eczema or other skin irritations promptly or money refunded. Large jar on 50c at WAGGONER DRUG STORE. (6-12 p)

Mrs. J. H. Burkett, of Clyde, and her grandson, Judge J. W. Burkett, of Kerrville, were here Wednesday to visit her daughter, Mrs. G. H. Joiner and family.

W. N. Temple went to Lubbock Monday to be with his son, Earl Temple, of Lamesa, who underwent a very serious operation in the Lubbock Sanitarium Saturday. The latest report received stated that Mr. Temple's condition was slightly improved.

Mrs. W. H. Gilbert and brother, L. W. Ezell, returned last Saturday from a visit to Alabama, reporting conditions much improved in their old home land.

COW WANTED

To Keep cow for her feed. Prefer one without a calf.

McCAULEY NEWS

An old-timer was in McCauley Saturday and said she was glad to be back in town. She was Mrs. Fred Barton and she spent the week-end with Mrs. Bert Mayo.

Mr. and Mrs. W. Martin and children of Stamford, visited Mr. and Mrs. George Martin and other relatives a few days last week.

Mrs. Guy Bridges is spending several days in Fort Worth, visiting her brother, Cecil Gill.

Mr. and Mrs. J. W. Woods announce the birth of a son, born April 16, 1936. The little fellow was given the name, J. W. Jr.

Miss Melva Miles was the week-end guest of Olline Knox of Roby.

Miss Altha Lakey, of Neinda, was the week-end guest of Beatrice Curtis.

REPORTER.

SENIOR NEWS FROM

McCAULEY HIGH SCHOOL

The Seniors of McCauley High School attended the "Senior Day" at Hardin-Simmons University, Saturday, April 25, 1936. Only seven of the Senior Class

were able to attend. They were chaperoned by Mrs. W. W. Faulkenberry, Mrs. Will Davison and her daughter, Mrs. John P. Hardesty and Mr. Horace Barton.

They left McCauley Saturday morning at 8:30 and arrived in Abilene at 9:30. They went straight to the stadium where a program was given. Lunch was served at 12:30 but the McCauley Seniors ate about 1:30. They weren't able to get in line.

After lunch they visited the Science Hall, Girls Dorm. and many other buildings.

Everyone seemed to have a very nice time and are telling the Juniors about it so they may be making their plans to go next year.

The Seniors who went: Eva Mae Martin, June Barton, Manon Jayroe, Elaine Moss, Pauline Shurtleff, Vivian Pearl Madden and Lucille McCasland.

The Senior Class of McCauley High School had their Senior Day April 6, 1936. They met at the school building at 4:00 o'clock Tuesday morning where the Junior were waiting for them. They were locked in cars to be kept out of mischief. All the Seniors were present but one boy. Three of the Junior boys hid in his car and when he went to his car they grabbed him and drove off as quick as possible. After a long search of about three hours for our beloved Senior, L. C. (Tabby) Houghton, he was found. The Juniors and Miss Kenna Rector and Miss Mildred Butler, their sponsors, were taken out to the Anson and Roby highway, their shoes pulled off and left. Miss Butler not having on any hose was left barefooted. Don't you know the Highway was plenty cool for a tenderfoot teacher?

We ate breakfast in a park at Clyde. Bacon, ham, coffee and eggs

sure tasted good. We went from there to Cisco Lake and explored the park and dam and also made pictures until noon. Then we went to Eastland Park and ate lunch. There more pictures were made. We came back to Abilene and visited the colleges, the State Epileptic Colony and many other places (especially Woolworth) until night. Then went to the show. Afterward a big supper was served to the ones who were hungry. Then everyone came home, tired and given out, but happy.

The Senior class entertained the Booster Club of McCauley with a banquet, Tuesday night, April 21. The main speakers were Bro. O'Brien of Colorado and Bro. Jeff Davis of Dallas. 29 visitors were present.

The Junior class are now planning to take the Senior Class and faculty to the Carlsbad Cavern May 1, 2 and 3. We hope plans will be successful.

The body of the New Firestone High Speed Tire is made from selected long-staple cotton dipped in liquid rubber, absorbing eight pounds of rubber in every hundred pounds of cotton. This patented Gum-Dipping process insulates every fiber in every cotton cord, preventing internal friction which creates the heat so destructive to tire life, and giving to the tire added strength.

This heavy, broad, traction and non-skid tread is held to the cord body of the tire with Two Extra Layers of Gum-Dipped Cords, a patented construction, making the cord body and tread an inseparable unit.

A leading university in 2350 tire tests found that the new, scientifically designed Firestone High Speed tread stops a car up to 25% quicker. Its super-traction and non-skid efficiency have also been proved in the famous Pike's Peak Race where for eight consecutive years it has been used on the winning cars.

SPICES IMPROVE MODERN DISHES

Housewife, Today, Knows Value of Spices
Which Men of Old Fought Wars For

SPICES, today, are taken for granted. Neatly arrayed, labeled, and within easy reach, they occupy as essential a space in our modern kitchen, as does the salt, or the kitchen range. No cook can do without them. Yet, because they are so intimate a part of our culinary life, they are out of mind until we reach for them.

In olden times, wars were fought over spices. New countries and new trade routes were discovered because of them. Tributes to Solomon and other mighty monarchs were paid with them.

These peaceful little spices, so neatly filed away in our kitchens were once vivid with deeds of bloodshed. History records entire native populations being massacred by the Portuguese and the Dutch in order that they might maintain their control over spices, and prevent the natives from selling to other countries.

History and Botany

Why, one asks, did spices take so important a part in the making of history? Chiefly because of the fact that food in those early days was often so poor, because of limited transportation and means of storing, that it was only by highly seasoning the food that it could be eaten. Also, because spices were considered indispensable ingredients in the sacred oil of the tabernacles—and therefore no matter how rare, or how hazardous to procure, spices must be had in order to keep the altar fires burning.

Botanically, as well as historically, spices offer a most interesting study. Did it ever occur to you that the many kinds of spices which you keep in your kitchen, represent the various portions of their respective plants?

Ginger is the rootstock of its plant; cinnamon is the inner bark

of another plant; cloves are the flower-buds; nutmegs are the seeds; black peppercorns are the whole fruits; and sage, thyme, and other herbs make up the entire upper parts of certain plants. Their aroma and their value as spices are contained mainly in their essential oils.

Kitchen Secrets

The housewife or the cook, who reaches for the spice cabinet, only for baking or for some few other uses, is cheating herself of ingredients which would transform her menus from the commonplace to the intriguing. For it is these spices which make all of the difference between an uninteresting dish and one which is unusual and delicious.

When you bake a ham, for example, do you take it from the oven when it is partly cooked, crust it with brown sugar and stud it with cloves? If you do, the sweet and the spice permeate the tender tissues so that when you slice it, smoking hot, and serve it with applesauce or with pears which have been cooked with cinnamon, you have a meat dish which men of old would have waged war in order to eat.

Do you add cinnamon and a dash of nutmeg to your apple pies so that they emerge from the oven, flaky, sweet, tart and spicy, with a fragrance which tells the world that you've baked apple pie that is apple pie?

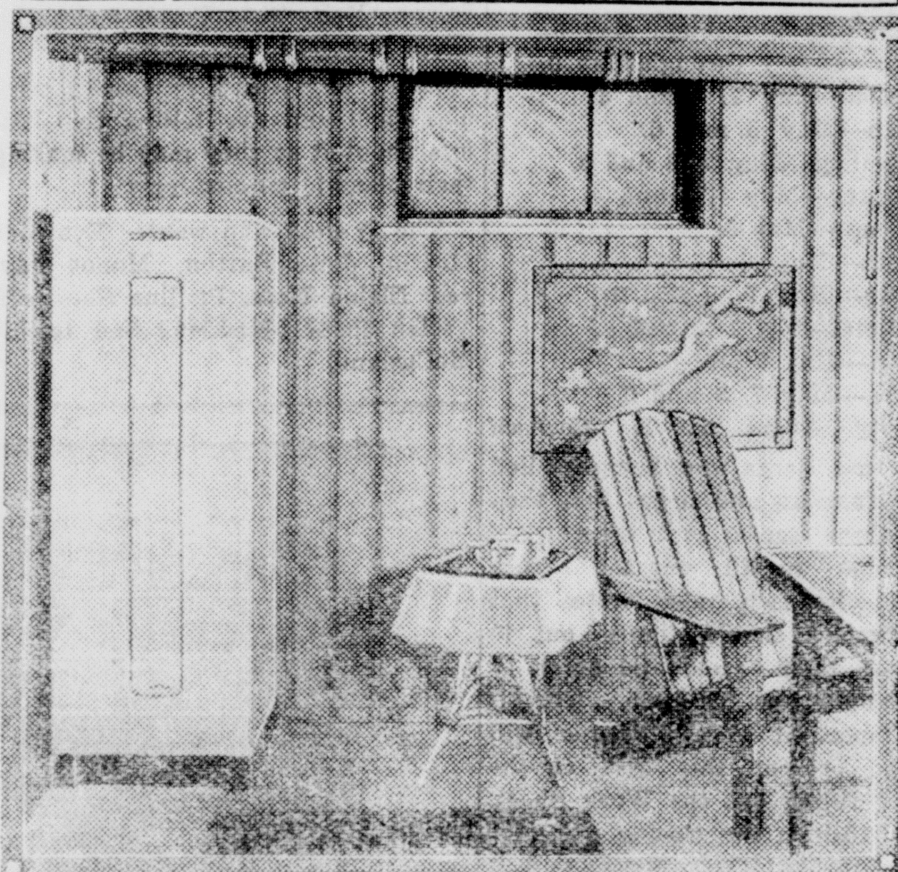

If you wonder what makes those gay little German cookies which are frosted with red and green sugar, so brittle and hard to bite but so easy to eat, something entirely different from any other little cookies in the world—it's anise.

Know spices, and you will know many of the secrets of excellent cooking.

LATEST HOUSEHOLD HINTS ILLUSTRATED

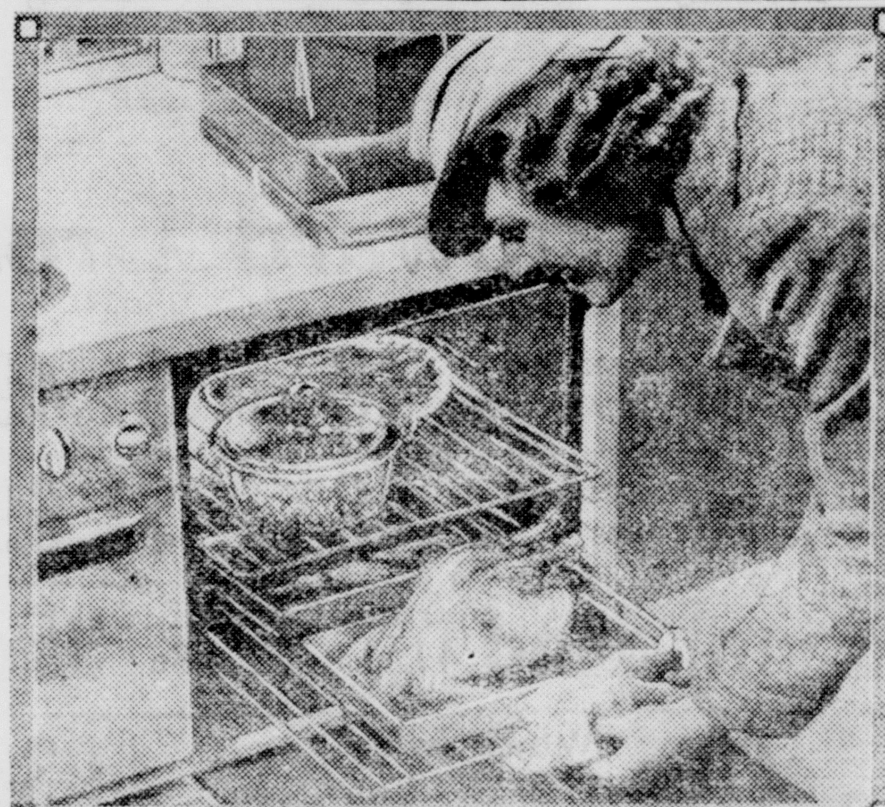

Timely pictures and articles for the thousands of women who are following the popular trend to electric servants

RECREATION ROOM INSTALLATION

MODERN styling of the new automatic electric water heaters make these heaters especially adaptable for installation in the bathroom, kitchen or recreation room of the modern home. The recreation room installation shown above is typical of the ease with which this important appliance may be fitted into the decorative ensemble of the room. It is a far cry from the old-fashioned heaters usually found in dark corners of the basement, difficult of access. The modern swing to all-electric homes has directed unusual attention to the convenience and dependability of electric water heating, which requires no attention after the heater is installed, and insures a supply of hot water at all times of the day or night. The heater shown is in white enamel, with black trim.

DINNER IS SERVED, MADAM!

HOW would you like to be greeted with such a welcome sight as this—a deliciously baked oven dinner—upon your return from a party or a shopping tour? This meal, consisting of baked chicken, caramelized sweet potatoes, peas and carrots, and apple pie was baked in the oven of the electric range under the guidance of the automatic Timer Clock, one of this range's outstanding features. The food was placed in the unpreheated electric oven where it was carefully preserved in a moist, cool atmosphere until the appointed hour for baking arrived. At that time, the Timer Clock, which had been set in advance, automatically turned the oven on and when milady came home dinner was ready to be served.

POLITICAL ANNOUNCEMENT

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. "We have used Theodor's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results." Sold in 25-cent packages.

BLACK-DRAUGHT

THIS WEEK IN TEXAS HISTORY

BY F. L. McDONALD

WEEK OF APRIL 26

1718—Because of the scarcity of water at the Rio Grande, the San Jose Mission was removed on May 1 to the west bank of the San Pedro about three-fourths of a mile northwest of the present parish church of San Antonio.

1822—On April 29 Stephen F. Austin arrived in Mexico to obtain confirmation of his land grant in Texas from the Congress. He remained there a year.

1832—The state legislature made an entire change in the colonization law on April 28. They repealed the general colonization law of 1825 and modified the terms of sale to Mexicans, exempting the rights of colonists and excluding natives of the United States.

1846—The inauguration of the first state government took place on May 2 in the House or Representatives at Austin. President Anson

Jones retired, and J. Pickney Henderson was installed as first governor.

"I CAN THINK"

Trying to write is such a job,
You sit and think, you even sob,
But when at last you get an idea
Your face turns bright. You get
excited.
Then you write and write just fast
as you can
Because you are writing about some
great man,
There's Shakespeare, Browning, and
Dickens too.
I wish I could write like them,
don't you?

But to be a writer you have to think,
You cannot smoke or even drink.
Keep your mind clear day by day,
And then some time you might
can say
I do not smoke or even drink
But after all I can think.

—JOHN FATE BEAVERS.

Mrs. Wright Boyd and Mrs. Bogan Coldwell, of Lamesa, came Monday to visit relatives.

**J. B. BOWMAN'S
SHOE SHOP**

WHY ADVERTISE?

There are more than 4,000 department stores in the United States doing a business of more than \$2,000,000,000 annually.

More than 85 per cent of the purchases are made by women.

The department stores do most of their advertising in the newspapers. Why?

Because every survey has proven that 90 per cent of the women read the newspapers for the advertising as much as for the news.

—THE AMERICAN PRESS.

New Chevrolet Truck on Economy-Safety Run

Carrying a 10,000-lb. cement block from Los Angeles to New York, a 1½-ton Chevrolet truck—one of the new 1936 models just introduced—demonstrated that safe driving means economy. Speed limits were observed in every community, with 35 m.p.h. the maximum on the open road. The 3511.4 miles were completed on two quarts of oil and 308.6 gallons of gasoline, at a cost of 01.6 cents per mile, or one-third of a cent per ton mile. The entire run was completed without any mechanical failure, repairs, or even a scratched fender. The illustrations show the test truck and features of the new 1936 models. Coupe type cab with solid steel roof, full-floating rear axle, and full-length water jackets, are some of the improvements. In the lower right, Harry Hartz, who drove the cross-continent test, is seen beside the 10,000-lb. block. The test was off-ered by the American Automobile Association.

∴ Society and Clubs ∴

STITCH AND CHATTER CLUB

Mrs. Roy Garner was hostess to the Stitch and Chatter Club Thursday afternoon, April 23, in her home on Jackson.

At the conclusion of the afternoon a salad plate with iced tea was passed to Mmes. Tom Teague, Jack Miles, Joe Simpson, Herman McBride, John Vaughan, Harold Bonner, W. R. Wilkerson and Miss Eleanor Temple.

JUNIOR-SENIOR BANQUET

Thursday evening the Juniors entertained the Seniors with a lovely banquet. Since the Senior class song is "Shipmates Forever," the banquet hall was very appropriately decorated like the inside of a ship. Captain Gerald Morgan was at the ship's wheel with many amusing incidents to relate to his sailor friends. Every "Gob" wore a sailor hat and kept an eye on the life-savers on the walls. If the ship had sunk, those life-savers would have been useful. Outside the wind and rain made the old ship rock and roll but Lieut. Virginia Collins, president of the Junior class, advised the Seniors, "Don't give up the ship." When the ship reached port about 9 o'clock, the Juniors, Seniors and other guests went to the Ferguson Theatre and saw Eddie Cantor in "Strike Me Pink."

The Seniors wish to thank the

Juniors for a delightful voyage and—a happy landing.
—Senior Reporter.

ORIENTAL CLUB WITH

MRS. TAYLOR

Thursday afternoon of the past week Mrs. J. F. Taylor was hostess to the Oriental Club in her home on Central Avenue.

Sweet peas and larkspur decorated rooms where three tables were appointed for bridge. High score was won by Mrs. C. C. Prater. A salad plate with iced tea was served.

Members present were Mmes. J. P. Morgan, R. H. McCurdy, C. C. Prater, George Howard, M. T. Woodward and J. O. Jones. Guests were Mrs. Duffield Smith, of Dallas, Mrs. C. G. Green, Mrs. D. D. Harden, Mrs. J. T. Bynum, Mrs. Maurice Smith and Mrs. J. E. Bury.

TRECE SENORES ENTERTAINED

BY MRS. CAIN

The Trece Senores Club was entertained by Mrs. Paul Cain in her home Tuesday afternoon, at the regular club hour. Three games of contract were played with Mrs. Bill Rountree holding high score.

At the conclusion of the play a salad plate with iced tea was passed to Mmes. F. D. Wells, Bill Rountree, Clinton Barrow, Frank Williams, Grogan Turner, J. E. Bury,

Otis Hopper and Herman McBride.

TO BLUE BIRD CLUB

Mrs. Garland Tumlin was hostess to the Blue Bird Club Tuesday afternoon, entertaining with three tables of contract in her home on Central Avenue. Larkspur gave the floral decoration to the rooms. High score was made by Mrs. Bob Low.

Following the games a salad plate with a sweet was served.

Members playing were Mmes. Art Carmichael, Bob Low, Ted Bledsoe, Joe Culbertson, John Ed Day, Paul A. Fowler, O. L. Henry and M. T. Woodward. Guests were Mrs. Wright Boyd and Mrs. B. Caldwell, of Lamesa, Mrs. Duffield Smith, of Dallas, and Mrs. Weldon Griggs.

NATIONAL MUSIC WEEK

WILL BE OBSERVED BY

SCHUBERT MUSIC CLUB

Three excellent programs have been arranged by the Schubert Music Club in observance of National Music Week, beginning Sunday, May 3rd.

Monday evening an interesting historical program will be given by the Music Department of McMurray College, Abilene, under the direction of Mrs. Robert B. Wylie. The numbers will be built around outstanding events in Texas history and will be done in costume. The department is presenting this program in Abilene and vicinity on several occasions and is found to be both entertaining and informational. It will be given in the High School Auditorium at eight o'clock, Monday, May 4th and there will be no admission charge.

On Wednesday, at 12:45 o'clock, the Schubert Club will give a program of Choral and Instrumental Music to the entire High School in Chapel Assembly.

These programs are for all who care to attend and are an annual activity of the Schubert Club's effort to promote better music in Hamlin.

Friday afternoon the annual Silver Tea will be held in the basement of the Methodist Church. This tea will also feature the Centennial motif.

TEXAS EXPOSITION FIRST

AIR COOLED WORLD'S FAIR

DALLAS, Texas, April 30.—The Texas Centennial Exposition will be the first air-conditioned World's Fair in history.

"For the first time, an exposition has been designed and is being built with the comfort of its visitors primarily in mind," said William A. Webb, general manager of the \$25,000,000 show which opens in Dallas June 6.

"More than \$1,000,000 is being spent to provide fresh, cool air throughout every major building. The temperature and humidity of the atmosphere will be kept constant over more than ten acres of floor space in twenty-nine buildings. This is 60 per cent of our floor space. The air over all other floor space will be changed completely every eight minutes or less, thus lowering the temperature ten degrees or more and insuring fresh, clean air at all times.

"With two exceptions, our exhibit building have been erected without windows. This makes it much easier to control the temperature.

"There were a few air-conditioned spots at the Century of Progress in Chicago," Mr. Webb continued, "but this is the first time an entire world's fair has been air-conditioned. We feel sure, however, that in the future all big expositions will be equipped this way."

Air-conditioning engineers said 6,000,000 gallons of water will be used daily in cooling the atmosphere at the Dallas exposition. As an economy measure, this water will be used over and over again, only enough being added to take care of evaporation.

"This volume of water, of course, does not include that used in the many fountains, reflecting basins and the lagoon," Mr. Webb explained, "although they will take a considerable load off the air-conditioning equipment."

ATTENDED W. M. S. MEETING IN ABILENE

The Woman's Missionary Society of the First Baptist Church of Hamlin was well represented in the meeting of District 17, Baptist Women's Missionary Union of Texas, which was held Tuesday and Wednesday in Abilene.

On Tuesday morning Mrs. Tate May directed a memorial service and on the Wednesday morning program Rev. J. Henry Littleton gave an address.

Others from Hamlin attending the meeting were Mmes. M. P. May, V. W. Day, J. C. Harvey, Coy Fielder, S. M. Richardson, W. L. Boyd, Tom Shelburne, Roy Carmichael, W. R. Wilkerson, Shepherd, S. C. Ferguson, Calvin Smith, J. W. Ezell, W. A. Albritton, John T. Day and E. F. Fairley.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." "If Cardui does not help YOU, consult a physician."

WEST TEXAS GOLF ASSOCIATION 12th ANNUAL CHAMPIONSHIP TOURNAMENT MEETS IN MINERAL WELLS MAY 28, 29, 30 AND 31st

The 12th Annual Tournament of the West Texas Golf Association will be held on the beautiful and picturesque course of the Mineral Wells Golf and Country Club.

The Mineral Wells course is one of the sportiest 18 hole Grass Green courses in Texas, with sloping greens, lakes and plenty of trees.

The Mineral Wells Golf and Country Club offers to make the 12th Annual Tournament one of the best in the history of the Association.

The Lakeview Golf Club is now a member of the West Texas Golf Association and several members are making plans to enter this tournament.

If any of our local members should be able to enter this Tournament they may be certified upon arrival in Mineral Wells, before May 28th.

SAVE PENALTY AND INTEREST

APRIL 30, 1936, LAST DAY FOR PAYMENT OF HAMLIN SCHOOL TAXES WITHOUT PENALTY AND INTEREST

In compliance with the Texas State Statutes, the Hamlin School Board has set the last day of this month (April 30, 1936) as the final date for the payment of unpaid taxes due the Hamlin Independent School District without penalty and interest.

We are asking for payment of Hamlin School taxes before April 30 for two reasons, viz:

1st. The Hamlin Independent School District is far behind in the payment of accumulated debts and must have money for payment on these debts.

2nd. The Hamlin School Board has been extremely lenient in the matter of school tax collections, and in conformity with this leniency has set the final date for the payment of school taxes without penalty or interest at a late date—April 30th.

Please help finance your schools by immediate payment of your school taxes. HAMLIN SCHOOL BOARD (24-4t).

Rev. and Mrs. Lee Travis, of Alamo, Texas, were guests in the home of Mr. and Mrs. F. D. Wells, Wednesday.

Head Student Group Next Year

The election of Miss Dorothy Ehlinger of New Braunfels to the 1936-37 presidency of the student body at Texas State College for Women (CIA) climaxed a week of enthusiastic campaigning following announcement of student nominations. Miss Margaret Caillet of Dallas was chosen vice president.

"HAMLIN CITY"

There's a city in West Texas, though it isn't very big. It has 3000 population, counting all the cows and pigs. Its name is "Hamlin City," and its on the Santa Fe, where the coyotes used to howl, and the antelope used to play. But now—its very modern, not an antelope is seen— "Cause all the streets are paved, where the pastures were so green. And now its getting night-time, All those electric lights you see, Comes from that big brick building, "The West Texas Utility." Now Now that it's getting night-time from this city I must go, But I'll keep my eyes on "Hamlin City," the town that's bound to grow.

Milestones of American Genius

Memorial to the Negro leader, Tuskegee Institute

BOOKER T. WASHINGTON

THE greatest name in the history of the American Negro belonged to a man born in slavery, who never knew who his father was, nor even the exact date of his birth. His mother named him Booker T. Washington when he was born, in 1855 or 1859. He himself later added Washington as a surname.

As Booker T. Washington he became the leading force in the rehabilitation and education of his race. Tuskegee Institute, famed throughout the country for its pioneer work in Negro education, is a monument to his life's labors. It is fitting that Tuskegee should also be the site of the imposing memorial shown above, symbolical of his services in drawing off the cloak of ignorance from his race. It was erected in 1922 and was subscribed entirely by Negroes.

The Emancipation Act, which freed Booker T. Washington at the age of four or five, did little to make his life easy. There were no schools for Negroes in the little Virginia town where he lived, and at a tender age he was put to work in the mines. Somehow he learned to spell out a few words and this glimpse into the world of knowledge fired his appetite for education.

Having heard of Hampton Normal School, he turned up there one day, when he was 13,

having walked several hundred miles to get there. By serving as janitor and waiter he earned his tuition. His fine scholarship eventually won him a place on the teaching staff, which he kept until he was invited to take charge of Tuskegee Institute, then almost unknown.

Arriving at the Institute, in Alabama, he found that the school had little more than a name. It was poor and the Negro community was prejudiced against Washington's idea of combining manual and academic education. Finally he succeeded in opening the school in a shanty, with a handful of students. Later he bought an abandoned plantation and gradually there arose on its broad acres the modern buildings and equipment which are the pride of its students.

By 1915, when Booker T. Washington died, the Institute had 1,800 pupils. He was widely recognized as a benefactor of his own race and therefore of the nation as a whole. He was a familiar figure on the lecture platforms of the country, pleading for greater opportunities for his people. The memorial to him is a permanent reminder of those qualities of daring, perseverance and devotion to an ideal which marked his career. All races unite in recognition of his contributions to education.

(Copyrighted by Memorial Extension Commission.)

WHAT IS TRUE SUCCESS?

True success is not limited to success in money-making or getting in "Who's Who." In a sermon by Dr. John W. Holland in the Progressive Farmer we find the following thoughtful comment on the elements of true success:

"Whoever refuses to accept defeat, but keeps keeping on, through thick and through thin, meeting each day with a smile, even though there may be little to smile at; the parents who strive, yet can't do for themselves or their children all that they desire; the good people who must temporarily accept relief; young men and women who stand knocking at doors of opportunity that do not readily open, but who do not give up—these are all successful people. They will not fear though the earth be moved."

"Whoever, uncaring whether the world cheers or jeers, will not surrender his personal ideal of moral and spiritual values nor trail his white plume of honor in the dust of animality has in him the heroic stuff out of which God's successes are fashioned. In the lowly, unnoticed stations of life, they who never allow their souls to go to sleep at the switch, however much they may seem to miss the outward goals of success, are setting the music of humanity's better march. They are successful; I salute them with honor."

DALLAS, April 30. — Hourly growth in the population of the United States will be recorded by the United States Department of Commerce in an exhibit at the \$25,000,000 Texas Centennial Exposition, to open in Dallas June 6. Births, as recorded in reports of the Federal Census Bureau, will be reported on an electrical census machine in the Federal building at the Exposition.

STRAUSS'

NEPHEW DROWNED

S. J. King of this city was called last Sunday afternoon to Blackwell, Texas, by the drowning of his nephew, Milton King. Mr. King accompanied by his wife, and a sister, Mrs. G. G. Long, and his brother, J. C. King, of Nugent, went to Blackwell, where the funeral took place Monday afternoon.

This young man is the one reported in the daily papers as saying to his parents that he dreamed he was drowning.

From reports the young fellow had been paralyzed to some extent but was able to get around and like all boys played about water. He was swinging over the water and failed to make the return—dropped into it and was lost, making the dream come sadly true.

FREE Marshmallow Peanut Candy for each boy or girl bringing us a clipping of our ad in this week's Herald.

WAGGONER DRUG COMPANY,
"The Fussy Pill Rollers",
(13-24 tp—1-24-7-3).

WACO BUSINESS MEN

COMING THROUGH HAMLIN

About SEVEN A. M. Wednesday, May 6, a bunch of Waco business men will come into Hamlin on their annual "booster" trip.

Advance information of this event was received in Hamlin this week. Min you the time is approximately SEVEN A. M. If anybody is industrious enough to get up and hustle out to meet them—just where they will "land" from their train, we have not learned. Perhaps fifteen minutes will be spent in Hamlin.

This is the second time the Waco bunch has had to pass through Hamlin and again they stop only long enough to switch tracks. Maybe there will be about 2,000 people up to greet the "early gentlemen." Well, boys you are welcome.

REV. LOVELL WILL PREACH

Rev. John Lovell will preach on the street of Hamlin, Saturday afternoon at three o'clock.
